ClassDojo

The one app you need to have your best school year yet 😄

This year, do it all with ClassDojo!

Create a classroom SO amazing...

- ClassDojo Toolkit
- Instant Feedback
- Student Portfolios
- SEL Activities and Videos

...you just can't keep it to yourself!

- Parent Communication
- School Newsletter

Brand new this year: ClassDojo Toolkit!

- All the classroom tools you love are now in one place.

- Arrange students into groups. Project activity directions. Turn on background music. Or, do them all. And there's so much more to come!

Instant Feedback

- Give students positive feedback for skills like "Working hard" or "Helping others".

- Skills are fully customizable, and can be tied to PBIS or other school programs!

- Students love being recognized for their hard work.

New and Improved Student Portfolios

- Students showcase their classwork on Student Stories, their personal digital portfolio! All posts are approved by the teacher.

- Students can create and upload videos, draw and annotate on photos, compose journal entries, add voice notes, and much more!

SEL Videos and Activities

- Students love learning about growth mindset, empathy and mindfulness from the ClassDojo Monsters!

- The Series focuses on social-emotional skills through videos, discussion questions, and meaningful follow-up activites.
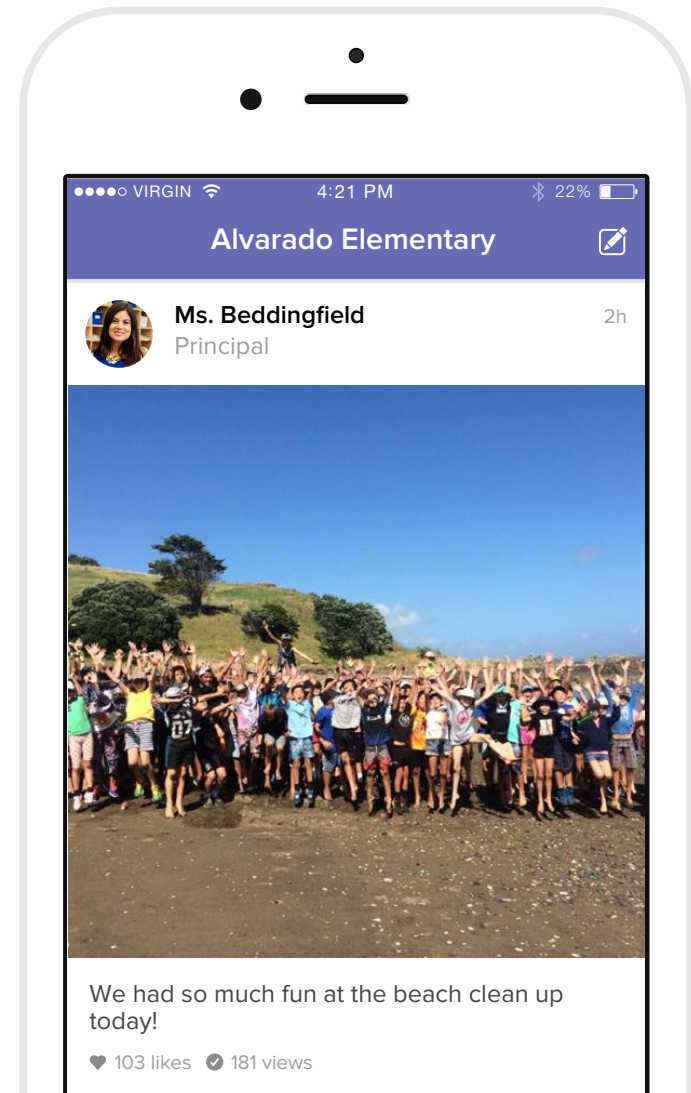

Parent Communication

- Share photos, videos and updates to all parents with Class Story.

- Send private messages to parents, and know they've been seen with Read Receipts — you can even schedule messages in advance!

- Class Story posts and private messages are instantly translated to cut across language barriers.

Mojo's presentation went so well! Thanks for helping him at home!

School Newsletter

- Send updates to all parents in the school by posting to School Story, your digital School Newsletter!

- School Leaders love sharing photos and videos from school and reminding parents about important events.

- Parents appreciate being kept in the loop!

Time to get set up!

Using a phone or tablet

1. Download the ClassDojo app (available on Android and iOS)

2. Sign in or create an account
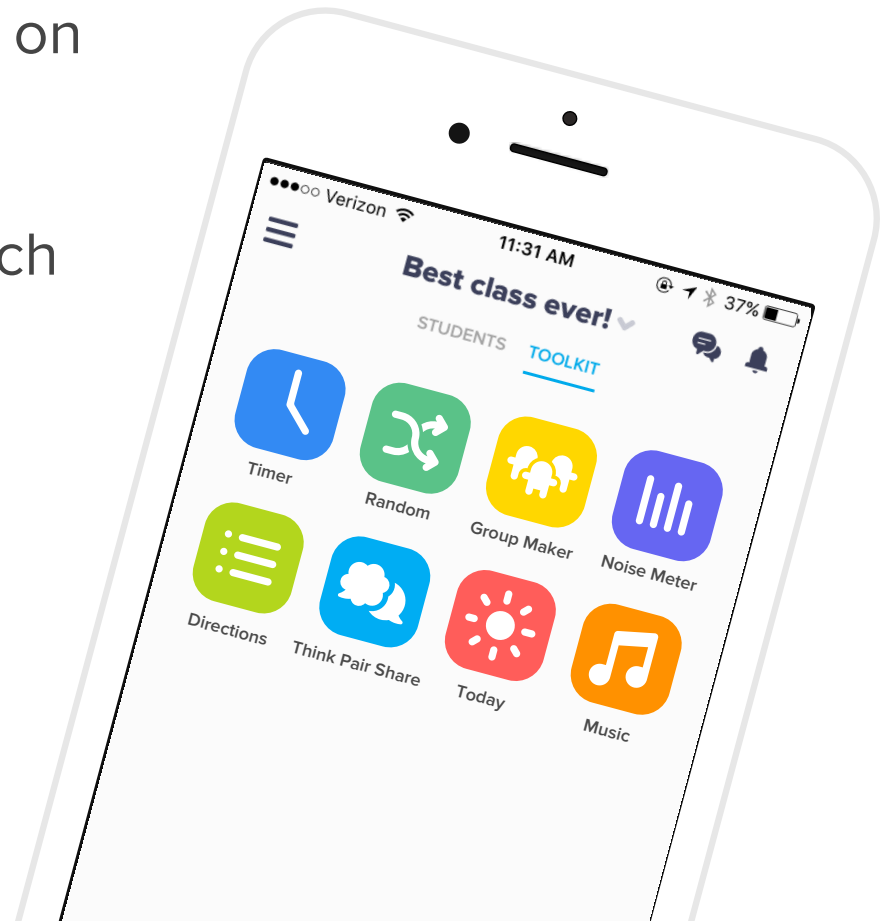

3. Add your first class!

Using a computer or laptop

1. Visit classdojo.com/signup

2. Sign in or create an account

3. Add your first class!

Tips for getting started

1   Invite parents! Click on the "Stories" tab and hit the blue "Invite parents" button.

2   Post a "Welcome" message on Class Story.

3   Explore Toolkit and see which tool is your class' favorite!

That's it! Any questions?
